CLARIFICATION EXHIBIT - LANDSCAPING ACTIVITIES APPLICATION SUPPLEMENT:

The applicant agrees to adhere to the ARC Design Review standards below and all exhibits to this application. Please read through thoroughly and fill in the appropriate information below.

Section IVF - No additional plantings or landscaping shall take place on any property without reviewer approval. Although additional landscaping is encouraged within Glennbrooke Subdivision, **reviewer approval is required** prior to any owner installing any tree, shrub, grass, bush, hedge, hardscape, landscape bed, etc. on their property. Also, **no turf removal** is to take place on the property without reviewer approval. The ARC encourages the planting of native or commonly found species in the Prattville area. Plantings of exotic or invasive species are prohibited. The approval of any landscape plan, is the sole discretion of the acting ARC.

Design Review Questions for Landscaping Activities Applications:

- 1) Please insert the appropriate data in the Cells below pertaining to plant species, size, and qty: (If not applicable write on page one of the application)

Species of Plantings	Size (Height)	Quantity

- 2) Please list the materials below of any Hardscape Installation that will be visible from the street (Walls, Bed Borders, Mulch, etc.):

On the following page, applicant is to use the graph paper to draw a site plan of their lot. On this graph paper, please first draw your lot, then your home. **Mark where your fence and/or boundary lines are located. Show the location and use exact measurements of where the landscape modifications are requested to be installed.** Be sure to label the front and back of the home and which streets surround your property. ***If your application is not filled out completely and correctly by adhering to the ARC/CCR guidelines there may be a resubmission fine on your account.
